# OUR SOLUTION

## THE DILLON ARCHITECTURE™

### GEOMETRY

### PREDICTION

### VERIFICATION

### DEPLOYMENT

The foundational layer. Curvature is the source of all structure.

Generate predictions from geometric relationships.

Test predictions against evidence. Truth is measured, not assumed.

Deploy verified solutions that create real-world impact at scale.

### A UNIFIED ARCHITECTURE CONNECTING:

#### PREDICTION

Predict outcomes using curvature-native models.

#### VERIFICATION

Prove what is true through evidence.

#### SECURITY

Secure systems at every layer.

#### ENERGY

Optimize and harvest through geometry.

#### INFRASTRUCTURE

Build resilient intelligent systems.

#### ENTERPRISE INTELLIGENCE

Transform data into decisions.

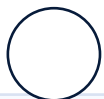

ONE ARCHITECTURE. MANY APPLICATIONS. LIMITLESS IMPACT.

# THE PLATFORM PORTFOLIO

206 INNOVATION INC.

**DILLON ENERGY™**

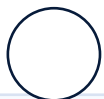

Tidal, ocean and clean-energy platform

**GEODESIC SHIELD™**

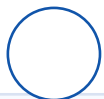

Defense and propagation modeling

**CVP SPIN OVERLAY™**

Compute integrity and verification

**DILLON CRYPTOGRAPHY™**

Structural security and trust verification

**CHARGERAIL MESH™**

Connected power and venue infrastructure

**ODI MESH™**

Organizational intelligence operating system

**CODEXVIEW™**

Evidence and visualization layer

**YCTP / SAFE BET OVERLAY™**

Patented real-time wager integrity

**SPORTSFAN CRYPTO™**

SportsFan stablecoin and token ecosystem

**NORTHERN FLOW™**

Waterway and logistics platform

# THE SCIENTIFIC CORE

## VOLUMES I-V SUMMARY

### DILLON EQUATION

The foundation of curvature and propagation.

### CURVATURE VARIABLE PHYSICS (CVP)

Geometry drives behavior.

### PREDICTIVE GEOMETRY

Structure determines outcomes.

### REFRACTIVE COHERENCE

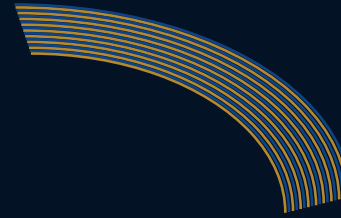

Information propagates along optimal paths.

### VERIFICATION ARCHITECTURE

Evidence → Verification → Trust.

### THE DIFFERENCE

#### PREDICT ANYTHING.

Advanced modeling across any domain.

#### VERIFY EVERYTHING.

Evidence-based verification at every layer.

#### TRUST THE OUTCOME.

Replayable. Traceable. Proven.

#### SUPERIOR RESULTS.

Lower risk. Higher confidence.

PREDICT ANYTHING. VERIFY EVERYTHING. TRUST THE OUTCOME.

# ENERGY OPPORTUNITY

DILLON ENERGY™

## TIDAL & OCEAN ENERGY

Harness predictable natural forces.

## ENVIRONMENTAL HARVESTING

Capture wasted energy.

## SCHEDULING & OPTIMIZATION

Maximize yield. Reduce waste.

## GRID RESILIENCE

Stabilize and strengthen grids.

## FUTURE EXPANSION: CVP FUSION™

Next-generation fusion architecture.

## GEODESIC SHIELD™

### EM PROPAGATION MODELING

See the unseen.

### ROUTE CONFIDENCE

Navigate with certainty.

### SPECTRUM INTELLIGENCE

Control the spectrum.

### MISSION REHEARSAL

Simulate. Rehearse. Succeed.

### INFRASTRUCTURE RESILIENCE

Protect critical assets.

## CHARGERAIL MESH™

### EMBEDDED POWER + CONNECTIVITY

Built into infrastructure.

### MODULAR & SCALABLE

Adaptable to any environment.

### REDUCE COST & COMPLEXITY

One system. Multiple benefits.

### MARKETS

Airports • Stadiums • Hotels • Smart Cities

# ENTERPRISE OPPORTUNITY

ODI MESH™

## ORGANIZATIONAL INTELLIGENCE OS

Unify data, people, and processes.

## AI GOVERNANCE

Control AI. Do not be controlled by it.

## DELIVERY OPTIMIZATION

Predict delays. Improve outcomes.

## ENGINEERING INTELLIGENCE

Structure knowledge. Accelerate results.

### EXECUTIVE VALUE

- ✓ See delivery risk earlier
- ✓ Align strategy and execution
- ✓ Verify outcomes with evidence
- ✓ Optimize across teams
- ✓ Reduce waste and rework

# SECURITY OPPORTUNITY

DILLON CRYPTOGRAPHY™

## STRUCTURAL CRYPTOGRAPHIC ANALYSIS

Understand system weaknesses.

## VERIFICATION ARCHITECTURE

Evidence of security, not assumptions.

## EXPOSURE ASSESSMENT

Find vulnerabilities before adversaries do.

## TRUST & REPLAYABILITY

Prove it. Do not just claim it.

## STRUCTURAL SECURITY AND TRUST VERIFICATION

BCDE™

## SECURITY POSTURE

- ✓ High-priority independent review
- ✓ Adversarial testing path
- ✓ Responsible disclosure model
- ✓ Validation before claims
- ✓ Evidence-based mitigation

# EXISTING IP & PATENTS

INNOVATION PROTECTED. VALUE COMPOUNDED.

## LIVE MOBILE SPORTS BETTING

Real-time engagement platform.

## SAFE BET OVERLAY™

Wager integrity and consumer protection.

## WATERWAY TRANSPORTATION

Autonomous waterway systems.

## ENERGY INNOVATIONS

Harvesting and optimization systems.

## EM DEFENSE SYSTEMS

Protection through prediction.

## VERIFICATION SYSTEMS

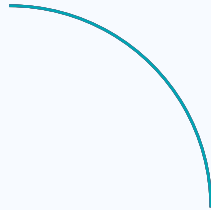

Trust through evidence.

### STRONG & GROWING INTELLECTUAL PROPERTY PORTFOLIO

- ✓ Multiple patents issued
- ✓ Additional patents filed
- ✓ Global protection strategy
- ✓ Continuous innovation
- ✓ Platform expansion across markets

# WHY NOW

THE WORLD IS CHANGING. THE DILLON ARCHITECTURE IS THE ANSWER.

**EXPLOSION OF AI**

Demand for prediction and trust.

**ENERGY TRANSITION**

Need for new solutions.

**INFRASTRUCTURE MODERNIZATION**

Global investment wave.

**DEFENSE DIGITIZATION**

Mission environments are digital.

**VERIFICATION REQUIREMENTS**

Trust is now a mandate.

**AUTONOMOUS SYSTEMS**

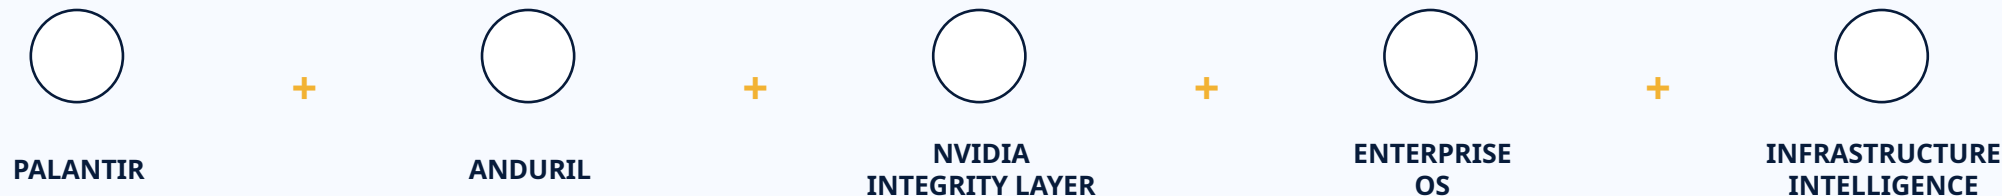

Require prediction + verification.

## CONVERGENCE MOMENT

**AI + ENERGY + DEFENSE + INFRASTRUCTURE  
now require one shared layer:  
PREDICTION, VERIFICATION, AND  
DEPLOYMENT.**

# COMPETITIVE POSITION

NOT COMPETING WITH A SINGLE COMPANY. WE COMBINE WHAT NO ONE ELSE DOES.

A NEW CATEGORY:

**PREDICTION + VERIFICATION + DEPLOYMENT AT SCALE.**

A UNIFIED PLATFORM CATEGORY FOR HIGH-CONSEQUENCE SYSTEMS.

# ROADMAP

EXECUTE. DELIVER. SCALE.

2026

## FOUNDATIONAL PLATFORM

- Core architecture
- Platform build
- IP expansion

2027

## PILOTS

- Government pilots
- Enterprise pilots
- Technology validation

2028

## COMMERCIAL DEPLOYMENT

- Commercial launch
- Customer adoption
- Revenue growth

2029+

## SCALED ECOSYSTEM

- Global expansion
- Ecosystem partners
- Platform dominance

FOUNDATION → PILOTS → COMMERCIAL DEPLOYMENT → SCALED ECOSYSTEM
